4.0%	64.4%	9.9%	

CAUTION: KEEP OUT OF REACH OF CHILDREN

PRECAUTIONARY STATEMENTS: None

This product has been reviewed and was found to be non-hazardous per the GHS Standard.

General Information

Pennamin® Mg powder contains **10% N and 12% Mg**, as well as a blend of 17 different *L-amino acids*, **100% of which are free amino acids**. Amino acids are a source of organic nitrogen, an essential nutrient for all plants and microorganisms, and are more easily broken down and digested.

Pennamin Mg is rapidly absorbed through the stomates and trans-located within the plant to correct magnesium deficiencies and enhance general vigor.

General Recommendations

Pennamin products can be incorporated into liquid fertilizers or applied separately. Soil applications may be made either by sprinkler or band application.

Use a minimum of 5 gallons of water per pound of Pennamin.

Pennamin Mg can be used on turf, ornamentals, flowers, fruits, vegetables, tree and vine crops, row crops, field crops, trees, etc.

Application Rate:

Apply 1.0 to 5.0 pounds of **Pennamin Mg** per acre (0.4 to 2.0 ounces per 1,000 ft²).

*For trees, tree crops and vines crops dilute 0.25 - 1.5 pounds of **Pennamin Mg** in 125 gallons of water.*

Timing of foliar sprays:

- Apply every 14 to 28 days as needed.
- Applications on turf and ornamentals can be made through out the growing season.

Note: Frequent applications at lower rates are generally more effective than fewer applications at higher rates.

Mixing Instructions

Fill tank with half the water, add **Pennamin Mg** while agitating solution, then add balance of water.

Compatibility

DO NOT mix with Phosphates

Do not mix with pesticides or other chemicals without a compatibility test. **Pennamin Mg** is compatible with most common foliar pesticides and nutrients; however, USER ASSUMES FULL RESPONSIBILITY to ensure compatibility when tank mixing with other products.

DO NOT STORE SOLUTION

Conditions of Sale

Seller warrants this product consists of the ingredients specified and is reasonably fit for the purpose stated on this label when used in accordance with directions under normal conditions and use. No one other than an officer of the seller is authorized to make any warranty, guarantee, or direction concerning this product. Because time, place, rate of application and other conditions of use are beyond the seller's control, the seller's liability from handling, storage, and use of this product is limited to replacement of the product or a refund of the purchase price.

Do not apply near water, storm drains or drainage ditches. Do not apply if heavy rain is expected. Apply this product only to your lawn and sweep any product that lands on the driveway, sidewalk, or street back onto your lawn.
