Water Soluble Fertilizer

Contains Patented  **Krystal Klear** Micronutrients

GUARANTEED ANALYSIS

Total Nitrogen (N)18%
1.5% Nitrate Nitrogen	
16.5% Urea Nitrogen	
Available Phosphate (P ₂ O ₅)20%
Soluble Potash (K ₂ O)22%
Chlorine (Cl) not more than	1.2%
Sulfur (S)1.4%
1.4% Combined Sulfur (S)	
Boron (B)	0.027%
Copper (Cu)0.007%
0.007% Chelated Copper (Cu)	
Iron (Fe)0.003%
0.003% Chelated Iron (Fe)	
Manganese (Mn)0.027%
0.027% Chelated Manganese (Mn)	
Zinc (Zn)0.027%
0.027% Chelated Zinc (Zn)	

Derived from urea, potassium phosphate, potassium nitrate, potassium sulfate, boric acid, copper EDTA, copper IDS, Iron EDTA, iron IDS, manganese EDTA, manganese IDS, sodium chloride, zinc EDTA and zinc IDS.

General Information

LidoQuest Citrus Special provides instant, efficient feeding of NPK for all types of citrus. LidoQuest Citrus Special also contains Krystal Klear® micronutrients, the only micronutrients chelated with biodegradable BayPure®.

LidoQuest soluble products are recommended as a supplement to a well-balanced fertilizer program only. Applications through drip or micro-jet irrigation are acceptable, however greater efficiency may be expected when making foliar applications during key growth stages.

WARNING: The use of Boron on any crops other than those recommended may result in serious injury to the crop. Contact your county agent or field representative before making application.

CAUTION: KEEP OUT OF REACH OF CHILDREN

WARNING

Suspected of damaging fertility or the unborn child.

PRECAUTIONARY STATEMENTS:

Do not handle until all safety precautions have been read and understood. Wear protective gloves/protective clothing/eye and face protection. IF exposed or concerned: Get medical advice/attention. Store locked up. Dispose of contents/container to an approved waste disposal plant in accordance with local/regional/national regulations.

Application Instructions

LidoQuest Citrus Special is recommended as a supplement to a well-balanced fertilizer program only.

Foliar Spray: LidoQuest Citrus Special may be applied with all types of ground spraying equipment.

For applications from ground rigs, apply 12.5 to 25 pounds in a minimum of 50 gallons per acre. Do not exceed a concentration of 10 lb. of LidoQuest Citrus Special per 10 gallons of water.

Applications should be made as a foliar spray once a month during June, July and August.

Compatibility: LidoQuest Citrus Special is compatible with most common foliar pesticides and nutrients; however, USER ASSUMES FULL RESPONSIBILITY to ensure compatibility when tank mixing with other products.

Conditions of Sale

Seller warrants this product consists of the ingredients specified and is reasonably fit for the purpose stated on this label when used in accordance with directions under normal conditions and use. No one other than an officer of the seller is authorized to make any warranty, guarantee, or direction concerning this product. Because time, place, rate of application and other conditions of use are beyond the seller's control, the seller's liability from handling, storage, and use of this product is limited to replacement of the product or a refund of the purchase price.

Net Weight: 25 lb. (11.3 kg.)
