General Information

LidoQuest PK Special provides instant, efficient feeding of phosphorus and potassium for optimum growth.

LidoQuest PK Special is safe for all plants when used as directed.

LidoQuest soluble products are recommended as a supplement to a well-balanced fertilizer program only. Applications through drip or micro-jet irrigation are acceptable, however greater efficiency may be expected when making foliar applications during key growth stages.

Application Instructions

LidoQuest PK Special is recommended as a supplement to a well-balanced fertilizer program only.

Foliar Spray: LidoQuest PK Special may be applied with all types of ground spraying equipment.

Apply 5 pounds per 100 gallons of water per acre. Do not exceed a concentration of 10 lb. of LidoQuest PK Special per 10 gallons of water.

For best results, repeat every 14 days taking soil and weather conditions into consideration.

Compatibility: LidoQuest PK Special is compatible with most common foliar pesticides and nutrients; however, USER ASSUMES FULL RESPONSIBILITY to ensure compatibility when tank mixing with other products.

Conditions of Sale

Seller warrants this product consists of the ingredients specified and is reasonably fit for the purpose stated on this label when used in accordance with directions under normal conditions and use. No one other than an officer of the seller is authorized to make any warranty, guarantee, or direction concerning this product. Because time, place, rate of application and other conditions of use are beyond the seller's control, the seller's liability from handling, storage, and use of this product is limited to replacement of the product or a refund of the purchase price.
