

GIVE YOUR CROPS A BOOST

Incite™ BLENDED PHYTOHORMONE SOLUTION

Incite™ is a blend of bio-stimulants containing naturally-occurring and synthetic plant growth regulators and plant hormones known to promote cell division, shoot initiation, and bud formation, and, stimulate chlorophyll synthesis and leaf expansion from cell enlargement. They work with the plant's own natural physiology to stimulate top growth, increase vigor and improve overall plant health.

Application Instructions

Field Crops, Fruits, Tree Nuts, Vegetables, Herbs & Spices:

4 - 8 ounces per acre

Seed Treatment:

1 - 4 ounces per 100 pounds of seed

Transplant and Rooting Solutions:

1 - 2 ounces per 5 gallons of solution

BENEFITS OF INCITE

- Promotes cell division, shoot initiation and bud formation
- Larger leaves and fruit - stimulates chlorophyll synthesis and leaf expansion from cell enlargement
- Plants more tolerant of heat, cold and drought
- Plants less susceptible to disease
- Higher yields
- Faster seed germination
