CONCENTRATED HUMIC ACID SOLUTION
with Performance Organic Acids™ + Zinc

GUARANTEED ANALYSIS

Soluble Potash (K ₂ O)	4%
Sulfur (S)	2%
Zinc (Zn)	2%

2% Chelated Zinc (Zn)

Derived from potassium hydroxide, zinc sulfate, zinc EDTA and zinc IDS

Active Ingredients

Humic acids	22%
-------------------	-----

Derived from leonardite

General Information

Korban-Zn Liquid Humate (0-0-4+2S with 2% chelated Zn) is formulated with PERFORMANCE Organic Acids™, a blend of a wide range of humic acids that are sourced from Leonardite. Derived using a proprietary extraction and separation process, these natural organic acids are selected for their ability to perform in both the soil and the plant. In addition, the zinc is chelated utilizing Krystal Klear® patented dual-chelation technology, which assures efficient plant uptake in both soil and foliar applications.

Korban-Zn provides growers with a sustainable tool for improving both plant nutrition and soil health by increasing nutrient uptake, complexing phosphorus for extended availability, and providing a beneficial environment for soil microbes.

Application Instructions

Korban-Zn can be used with fertilizer applications, including in-furrow starter fertilizers as well as fertilizers containing phosphate and micronutrients. It can be applied to all types of crops, including, but not limited to, row crops, vine crops, bush crops, field crops, forage crops, tubers, feed crops, vegetable crops, nut crops, fruit crops and trees.

Soil Applications:

Korban-Zn may be applied pre-plant, as a starter, side dressed, fertigated, top dressed or as a banded application. It should be diluted with water to ensure uniform distribution at a rate of 2 quarts to 3 gallons per acre.

Fertigation Applications:

Korban-Zn may be applied at a rate of 1 quart to 8 gallons per acre per irrigation. Run irrigation for a minimum of 2 hours after application to flush lines and ensure nutrient distribution.

Foliar Applications:

Korban-Zn may be applied at a rate of 1 quart to 3 gallons per acre in enough water to provide adequate coverage. Multiple applications may be beneficial.

Blending and Compatibility

Do not mix with other chemicals without a compatibility test. An adequate test for compatibility involves mixing in a small container the proper proportions of the product with water and the other ingredients. Agitate and let stand for one hour. If a precipitate forms then apply the products separately.

Mixing Instructions

Partially fill tank with water and begin agitation. Add Korban-Zn slowly to the circulating mix. While agitating, inject the fertilizer product into the Korban-Zn/water mixture.

Storage and Handling

Store in dry place at room temperature, away from direct sunlight.
Shake well before using as some separation may occur.

KEEP OUT OF REACH OF CHILDREN

Harmful if swallowed. Causes skin irritation. Causes eye irritation.

PRECAUTIONARY STATEMENTS:

Wash skin thoroughly after handling. Do not eat, drink or smoke when using this product. Wear protective gloves/protective clothing/eye and face protection.

IF SWALLOWED: Call a poison control center or doctor/physician if you feel unwell. Rinse mouth.

IF ON SKIN: Wash with plenty of soap and water. If skin irritation occurs: Get medical advice/attention.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

Take off contaminated clothing and wash it before reuse. Dispose of contents/container to an approved waste disposal plant in accordance with local/regional/national regulations.

Conditions of Sale

Seller warrants this product consists of the ingredients specified and is reasonably fit for the purpose stated on this label when used in accordance with directions under normal conditions and use. No one other than an officer of the seller is authorized to make any warranty, guarantee, or direction concerning this product. Because time, place, rate of application and other conditions of use are beyond the seller's control, the seller's liability on handling, storage, and use of this product is limited to replacement of the product or a refund of the purchase price.
