

...Because you never know

Weather is unpredictable.

Summer can bring periods of high heat, intense sunlight, drought, seemingly endless rain and the occasional cold nights. Be prepared for the unexpected with applications of Kelpene plant-derived organic compounds designed to help turf withstand all types of abiotic stress conditions.

Turf treated with Kelpene products, either **Kelpene GPX** or **Kelpene Ca-T**, will be more resilient and adaptive to environmental stress, keeping your turf green and healthy.

While Kelpene products are helping to protect your turf, let us protect you from the rain and wind by taking advantage of this special offer:

✓ **BUY 2 CASES** of Kelpene products
*Receive 1 Columbia Watertight Jacket**

✓ **BUY 3 CASES** of Kelpene products
*Receive 2 Columbia Watertight Jackets**

**Limited time offer. Offer expires Aug. 31, 2020. Allow 4-6 weeks for jacket delivery.*

**Available in Men's and Women's*

0-3-2 Plant Extract Solution

3-0-0+4% Ca, 6% Plant Extracts & 0.25% Fulvic Acid
