GENERAL INFORMATION

Korban® SC Liquid Humate is formulated with PERFORMANCE Organic Acids™, a blend of a wide range of humic acids that are sourced from Leonardite.

Korban SC Liquid Humate provides turf managers and growers with a sustainable tool for improving nutrient uptake.

Information regarding the contents and levels of metals in this product is available on the internet at <http://www.aapfco.org/metals.html> or by writing to LidoChem, Inc. at the address on this label and referring to the lot/batch # on this container.

Do not apply if a heavy rain is expected. Do not apply near water, storm drains, or drainage ditches, or to any impervious surface. Only apply to intended application area.

APPLICATION INSTRUCTIONS

Korban SC Liquid Humate can be used with any liquid fertilizer application with a pH of 3.2 or higher. It blends well with ortho- and polyphosphates, micronutrient solutions and any commonly used NPK fertilizers. Korban SC Liquid Humate provides turf managers and growers with a sustainable tool for improving both plant nutrition and soil health.

Applications for Turf and Ornamentals (including but not limited to fairways, greens, trees, shrubs and ornamentals):

Soil Applications:

Korban SC Liquid Humate can be applied with any typical broadcast spray equipment or mixed with deep root injection solutions at a rate of 2-4 quarts per 10 gallons of solution.

Fertigation Applications:

Korban SC Liquid Humate can be blended into fertigation solutions to provide 1.5-3.0 ounces per 1,000 ft² (2-4 quarts per acre) up to twice monthly.

Foliar Applications:

Korban SC Liquid Humate can be applied at a rate of 1.5-6.0 ounces per 1,000 ft² (0.5-2.0 gallons per acre) monthly or 1 to 3 times at random intervals during the growing season.

Applications for Agriculture (including but not limited to all row crops, field crops, forage crops, feed crops, vegetable crops, nut trees and vines):

Soil Applications:

Korban SC Liquid Humate may be applied pre-plant, as a starter, side dressed, fertigated, top dressed or as a banded application. It should be diluted with water to ensure uniform distribution at a rate of 2 quarts to 3 gallons per acre.

Fertigation Applications:

Korban SC Liquid Humate may be applied at a rate of 1 quart to 8 gallons per acre per irrigation. Run irrigation for a minimum of 2 hours after application to flush lines and ensure nutrient distribution.

Foliar Applications:

Korban SC Liquid Humate may be applied at a rate of 1 quart to 3 gallons per acre in enough water to provide adequate coverage. Multiple applications may be beneficial.

BLENDING AND COMPATIBILITY

Do not mix with other chemicals without a compatibility test. An adequate test for compatibility involves mixing in a small container the proper proportions of the product with water and the other ingredients. Agitate and let stand for one hour. If a precipitate forms, then apply the products separately.

MIXING INSTRUCTIONS

Partially fill tank with water and begin agitation. Add Korban SC slowly to the circulating mix. While agitating, inject the fertilizer product into the Korban SC/water mixture.

PRECAUTIONARY STATEMENTS:

Wash skin thoroughly after handling. Do not eat, drink or smoke when using this product. Wear protective gloves/protective clothing/eye and face protection.

IF SWALLOWED: Call a poison control center or doctor/physician if you feel unwell. Rinse mouth.

IF ON SKIN: Wash with plenty of soap and water. If skin irritation occurs: Get medical advice/attention.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

Take off contaminated clothing and wash it before reuse. Dispose of contents/container to an approved waste disposal plant in accordance with local/regional/national regulations.

CONDITIONS OF SALE:

Seller warrants this product consists of the ingredients specified and is reasonably fit for the purpose stated on this label when used in accordance with directions under normal conditions and use. No one other than an officer of the seller is authorized to make any warranty, guarantee, or direction concerning this product. Because time, place, rate of application and other conditions of use are beyond the sellers control, the sellers liability from handling, storage, and use of this product is limited to replacement of the product or a refund of the purchase price.
