AG-WSPPLUS

PERFORMANCE
NUTRITION[®]

Microbial Soil Inoculant for Agricultural Applications

Active Ingredients:

- 5.3 X 10⁹ cfu *Bacillus amyloliquefaciens* per gram
- 2.4 X 10⁹ cfu *Bacillus licheniformis* per gram
- 1.1 X 10⁹ cfu *Bacillus megaterium* per gram
- 4.5 X 10⁹ cfu *Bacillus subtilis* per gram
- 1.0 X 10⁷ cfu *Trichoderma atroviride* per gram

Inert Ingredients:

Sucrose based culture medium

CAUTION: KEEP OUT OF REACH OF CHILDREN

PRECAUTIONARY STATEMENTS: None

This product has been reviewed and was found to be non-hazardous per the GHS Standard.

General Information

RemeD8[®] AG-WSP Plus soil inoculant is formulated for crops of all types. The microorganisms contained in RemeD8[™] AG-WSP Plus have been shown to increase nutrient availability, enhance nutrient cycling, as well as, improve soil structure and support root development.

RemeD8[®] AG-WSP Plus is not a pesticide and will not replace standard pesticide applications.

Application Rates and Timing

Soil and Foliar Applications: Add 0.15-1 ounce of RemeD8[®] AG-WSP Plus per gallon of spray solution to a clean spray tank (see tank mix instructions). Agitate solution and maintain agitation during application. Apply at planting and every 2-4 weeks during the growing season.

Tank Mixes

Open the packet and SLOWLY add RemeD8[®] AG-WSP Plus to the tank, while maintaining agitation. Maintain agitation during application to ensure that product remains dispersed throughout the solution.

Do not mix with other chemicals without a compatibility test. An adequate test for compatibility involves mixing in a small container the proper proportions of the product with water and the other ingredients. Agitate and let stand for one hour. If a precipitate forms then apply the products separately.

Storage and Handling

RemeD8[®] AG-WSP Plus contains live spores of naturally occurring bacteria and fungi. Spores are live and may be damaged when exposed to high temperatures. The live organisms contained in RemeD8[®] AG-WSP Plus require specific storage conditions to ensure viability and product performance. To maintain viability:

- * Store unopened containers in a cool, dry place, away from sunlight and heat sources.
- * Minimize temperature fluctuations. For optimal results, do not store above temperatures of 75°F.
- * Use within two years from the date of manufacture. This expiration date is valid for unopened containers stored according to the conditions listed above.

Product Disposal

Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

DO NOT MIX WITH FUNGICIDES

**Net Weight: 20 X 1 lb. packets
20 lb. (9.1 kg.)**

CONDITIONS OF SALE

Seller warrants this product consists of the ingredients specified and is reasonably fit for the purpose stated on this label when used in accordance with directions under normal conditions and use. No one other than an officer of the seller is authorized to make any warranty, guarantee, or direction concerning this product. Because time, place, rate of application and other conditions of use are beyond the sellers control, the sellers liability from handling, storage, and use of this product is limited to replacement of the product or a refund of the purchase price.
